

# *The Clans are the great glory of Scotland.*

*They express the essential spirit of the Scots –  
their romance, their generosity and their  
love of Wild Nature.*

*Each Clan has a signature plant – the  
Clan plant. We use the fragrance oils from  
the main Clan plants as the scent backbone  
of a unique family of fragrances; amongst the  
most glorious perfumes of our time; romantic  
and appealing and distinctly Scottish.*

*George Dodd, the only perfumer in Scotland,  
has created these wonderfully uplifting Clan  
fragrances using the following Clan scent oils –*

*Juniper, Red Whortleberry,  
Highland Myrtle, Heather and Pine.*
